Newsletter #3-2010

1 March 2010

Dear Fellows, Members, Inceptors and Affiliates,

I. Announcement from the Publication Committee

With the expanding capacity of the College, the Publication Committee discussed about corresponding development in assisting the College to achieve her mission as an academic hub not only in Hong Kong, but also in this developing region. The Publication Committee would like to inform Fellows that, apart from being responsible for the publication of the College Journal, it would also help in the publication of other academic and educational materials for the College.

To improve the coverage and impact of the College Journal to Mainland China and the region, the Publication Committee have greatly expanded her International Advisory Board and set up an International Editorial Board in 2010. Furthermore, the Publication Committee would rename the College Journal the “*East Asian Archives of Psychiatry*”, an official journal of the Hong Kong College of Psychiatrists. It is in the hope that this change would bring about a revisit of work, and assist the College Journal to become an attractive alternative for our Fellows (and other professionals) to consider submitting their work for publication.

At present, the expanded International Advisory Board and the International Editorial Board consist of the following members:

The International Advisory Board Members are –
